[Kidsland™ / Head Start Alignment]**

**Dr. Patricia A. Vardin**

## **Preface to [www.kidsland.tv](http://www.kidsland.tv) /Head Start Alignment**

Dr. Patricia A. Vardin

Kidsland.tv is an early education, online website with over 1000 games and activities for children ages 2-7. Kidsland.tv activities support cognitive, social, emotional and physical development.

Children learn concepts and skills in the context of animated interactive games, puzzles, stories, art projects and music experiences. Kidslands.tv content is based upon research in early learning and national standards and helps to develop concepts and skills in five key areas:

1. Intellectual/Cognitive (curiosity, logical/critical thinking, problem-solving)
2. Language/Literacy (listening, understanding, communicating, writing)
3. Social/Emotional (self-expression, interaction, emotions, relationships)
4. Mathematics (number, counting, one-to-one correspondence, geometry)
5. Physical/Health ( eye- hand coordination, visual discrimination, self-care, well being, safety)

Kidsland.tv aligns well with the Head Start Child Outcomes Framework. Numerous Kidsland.tv activities can be found on the website that support the Head Start domains including:

<b>Language Development</b>	Listening and Understanding Speaking and Communicating
<b>Literacy</b>	Alphabet Knowledge
<b>Mathematics</b>	Number and Operations Geometry Patterns and Measurement
<b>Science</b>	Scientific Skills and Methods Scientific Knowledge
<b>Creative Arts</b>	Music
<b>Social/Emotional</b>	Self Control Cooperation Social Relationships Knowledge of Families and Communities
<b>Approaches to Learning</b>	Reasoning and Problem-Solving
<b>Physical Health &amp; Development</b>	Fine Motor Skills Health and Practices

## **How to use in the class**

Head Start teachers of young children can use Kidsland.tv games and activities in the following ways.

1. After teachers have introduced a concept or a skill to the class, teachers can direct children in pairs or individually to the computer to play the Kidsland games that will reinforce the concept or skill the teacher has introduced and practice it. For example, if a teacher introduces the concept of patterning, children can practice patterning using the many patterning games available on Kidsland.tv.
2. Kidsland.tv activities make learning fun for children. Children who might not be willing to practice math or literacy skills can enjoy playing the fun and exciting games with appealing characters and clever animation.
3. Kidsland.tv includes many opportunities for children whose first language is not English to learn English in a fun and entertaining way through the many stories and games found on the website.
4. With the teacher's guidance, children can enjoy choosing Kidsland.tv games to play on their own or with a partner, having the opportunity to learn as they have fun playing.
5. Children can work at their own level and their own pace when doing the Kidsland.tv activities; therefore each child can feel successful and make progress over time.
6. Kidsland.tv activities are self-correcting so children can immediately see if their responses to the problems are correct and can correct them if they are not.

By using Kidsland.tv in the classroom, Head Start teachers will find that children will have the opportunity to practice and acquire the concepts and skills that are an integral part of the Head Start Outcomes Framework.

\*Note: Please verify content ID with Appendix B for exact title and location of games on the Kidsland.tv website.

## **About Dr. Patricia A. Vardin**

Dr. Patricia A. Vardin is the educational consultant to Kidsland.tv, a new online educational/entertainment website for young children.

Dr. Vardin is Chair of the Early Childhood Education Department and an Associate Professor at Manhattanville College in Purchase, New York where she teaches undergraduate and graduate courses in child development and early childhood education. She also serves as an educational consultant in early childhood education for institutions and organizations including public, private and parochial schools as well as corporations. Dr. Vardin is the author of an exciting new model early childhood program entitled *The Comprehensive Early Childhood Education Model* currently implemented in four schools in New York and Westchester. The model is based on the latest research in early education and child development.

Dr. Vardin is the creator of *ChildChart*, an innovative system using a computer and a Palm Pilot to monitor the progress of young children in the early childhood classroom. *ChildChart* is distributed by Child Craft/School Specialty and is being used in several hundred schools across the country. Dr. Vardin also does a monthly blog for Educational Activities Inc. on current topics in early education.

Dr. Vardin has written many articles and spoken at numerous international, national and local conferences on a range of early childhood education topics and has appeared as a guest expert for the media. She holds a doctorate from Teachers College, Columbia University and has more than 25 years of experience working with young children, teachers, college students, parents and administrators.

☺ Indicates the 4 specific Domain Elements and 9 Indicators that are legislatively mandated.

## Appendix A: Head Start Domain Element Indicators

### Listening & Understanding

- Demonstrates increasing ability to attend to and understand conversations, stories, songs, and poems.
- Shows progress in understanding and following simple and multiple-step directions.
- ☺ **Understands an increasingly complex and varied vocabulary.**
- ☺ **For non-English-speaking children, progresses in listening to and understanding English.**

### Speaking & Communicating

- ☺ **Develops increasing abilities to understand and use language to communicate information, experiences, ideas, feelings, opinions, needs, questions and for other varied purposes.**
- Progresses in abilities to initiate and respond appropriately in conversation and discussions with peers and adults.
- ☺ **Uses an increasingly complex and varied spoken vocabulary.**
- Progresses in clarity of pronunciation and towards speaking in sentences of increasing length and grammatical complexity.
- ☺ **For non-English-speaking children, progresses in speaking English.**

### ☺ Phonological Awareness

- Shows increasing ability to discriminate and identify sounds in spoken language.
- Shows growing awareness of beginning and ending sounds of words.
- Progresses in recognizing matching sounds and rhymes in familiar words, games, songs, stories and poems.
- Shows growing ability to hear and discriminate separate syllables in words.
- ☺ **Associates sounds with written words**, such as awareness that different words begin with the same sound.

### ☺ Book Knowledge & Appreciation Awareness

- Shows growing interest and involvement in listening to and discussing a variety of fiction and non-fiction books and poetry.
- Shows growing interest in reading-related activities, such as asking to have a favorite book read; choosing to look at books; drawing pictures based on stories; asking to take books home; going to the library; and engaging in pretend-reading with other children.
- Demonstrates progress in abilities to retell and dictate stories from books and experiences; to act out stories in dramatic play; and to predict what will happen next in a story.
- Progresses in learning how to handle and care for books; knowing to view one page at a time in sequence from front to back; and understanding that a book has a title, author and illustrator.

### ☺ Print Awareness & Concepts

- Shows increasing awareness of print in classroom, home and community settings.
- Develops growing understanding of the different functions of forms of print such as signs, letters, newspapers, lists, messages, and menus.
- Demonstrates increasing awareness of concepts of print, such as that reading in English moves from top to bottom and from left to right, that speech can be written down, and that print conveys a message.
- Shows progress in recognizing the association between spoken and written words by following print as it is read aloud.

- ☺ **Recognizes a word as a unit of print**, or awareness that letters are grouped to form words, and that words are separated by spaces.

## Early Writing

- Develops understanding that writing is a way of communicating for a variety of purposes.
- Begins to represent stories and experiences through pictures, dictation, and in play.
- Experiments with a growing variety of writing tools and materials, such as pencils, crayons, and computers.
- Progresses from using scribbles, shapes, or pictures to represent ideas, to using letter-like symbols, to copying or writing familiar words such as their own name.

## Alphabet Knowledge

- Shows progress in associating the names of letters with their shapes and sounds.
- Increases in ability to notice the beginning letters in familiar words.
- ☺ **Identifies at least 10 letters of the alphabet, especially those in their own name.**
- ☺ **Knows that letters of the alphabet are a special category of visual graphics that can be individually named.**

## ☺Number & Operations

- Demonstrates increasing interest and awareness of numbers and counting as a means for solving problems and determining quantity.
- Begins to associate number concepts, vocabulary, quantities and written numerals in meaningful ways.
- Develops increasing ability to count in sequence to 10 and beyond.
- Begins to make use of one-to-one correspondence in counting objects and matching groups of objects.
- Begins to use language to compare numbers of objects with terms such as more, less, greater than, fewer, equal to.
- Develops increased abilities to combine, separate and name "how many" concrete objects.

## Geometry & Spatial Sense

- Begins to recognize, describe, compare and name common shapes, their parts and attributes.
- Progresses in ability to put together and take apart shapes.
- Begins to be able to determine whether or not two shapes are the same size shape.
- Shows growth in matching, sorting, putting in a series and regrouping objects according to one or two attributes such as color, shape or size.
- Builds an increasing understanding of directionality, order and positions of objects, and words such as up, down, over, under, top, bottom, inside, outside, in front and behind.

## Patterns & Measurement

- Enhances abilities to recognize, duplicate and extend simple patterns using a variety of materials.
- Shows increasing abilities to match, sort, put in a series, and regroup objects according to one or two attributes such as shape or size.
- Begins to make comparisons between several objects based on a single attribute.
- Shows progress in using standard and non-standard measures for length and area of objects.
- Shows progress in using standard and non-standard measures for length and area of objects.

## Scientific Skills & Methods

- Begins to use senses and a variety of tools and simple measuring devices to gather information, investigate materials and observe processes and relationships.
- Develops increased ability to observe and discuss common properties, differences and comparisons among objects and materials.
- Begins to participate in simple investigations to test observations, discuss and draw conclusions and form generalizations.
- Develops growing abilities to collect, describe and record information through a variety of means, including discussion, drawings, maps and charts.
- Begins to describe and discuss predictions, explanations and generalizations based on past experiences.

## Scientific Knowledge

- Expands knowledge of and abilities to observe, describe and discuss the natural world, materials, living things and natural processes.
- Expands knowledge of and respect for their body and the environment.
- Develops growing awareness of ideas and language related to attributes of time and temperature.
- Shows increased awareness and beginning understanding of changes in materials and cause-effect relationships.

## Music

- Participates with increasing interest and enjoyment in a variety of music activities, including listening, singing, finger plays, games, and performances.
- Experiments with a variety of musical instruments.

## Art

- Gains ability in using different art media and materials in a variety of ways for creative expression and representation.
- Progresses in abilities to create drawings, paintings, models, and other art creations that are more detailed, creative or realistic.
- Develops growing abilities to plan, work independently, and demonstrate care and persistence in a variety of art projects.
- Begins to understand and share opinions about artistic products and experiences.

## Movement

- Expresses through movement and dancing what is felt and heard in various musical tempos and styles.
- Shows growth in moving in time to different patterns of beat and rhythm in music.

## Dramatic Play

- Participates in a variety of dramatic play activities that become more extended and complex.
- Shows growing creativity and imagination in using materials and in assuming different roles in dramatic play situations.

## Self Concept

- Begins to develop and express awareness of self in terms of specific abilities, characteristics and preferences.
- Develops growing capacity for independence in a range of activities, routines, and tasks.
- Demonstrates growing confidence in a range of abilities and expresses pride in accomplishments.

## Self Control

- Shows progress in expressing feelings, needs and opinions in difficult situations and conflicts without harming themselves, others, or property.
- Develops growing understanding of how their actions affect others and begins to accept the consequences of their actions.
- Demonstrates increasing capacity to follow rules and routines and use materials purposefully, safely, and respectfully.

## Cooperation

- Increases abilities to sustain interactions with peers by helping, sharing and discussion.
- Shows increasing abilities to use compromise and discussion in working, playing and conflicts with peers.
- Develops increasing abilities to give and take in interactions; to take turns in games or using materials; and to interact without being overly submissive or directive.

## Social Relationships

- Demonstrates increasing comfort in talking with and accepting guidance and directions from a range of familiar adults.
- Shows progress in developing friendships with peers.
- Progresses in responding sympathetically to peers who are in need, upset, hurt, or angry; and in expressing empathy or caring for others.

## Knowledge of Families & Communities

- Develops ability to identify personal characteristics including gender, and family composition.
- Progresses in understanding similarities and respecting differences among people, such as genders, race, special needs, culture, language, and family structures.
- Develops growing awareness of jobs and what is required to perform them.
- Begins to express and understand concepts and language of geography in the contexts of their classroom, home and community.

## Initiative & Curiosity

- Chooses to participate in an increasing variety of tasks and activities.
- Develops increased ability to make independent choices.
- Approaches tasks and activities with increased flexibility, imagination and inventiveness.
- Grows in eagerness to learn about and discuss a growing range of topics, ideas and tasks.

## Engagement & Persistence

- Grows in abilities to persist in and complete a variety of tasks, activities, projects and experiences.
- Demonstrates increasing ability to set goals and develop and follow through on plans.
- Shows growing capacity to maintain concentration over time on a task, question, set of directions or interactions, despite distractions and interruptions.

## Reasoning & Problem Solving

- Develops increasing ability to find more than one solution to a question, task or problem.
- Grows in recognizing and solving problems through active exploration, including trial and error, and interactions and discussions with peers and adults.
- Develops increasing abilities to classify, compare and contrast objects, events and experiences.

## Fine Motor Skills

- Develops growing strength, dexterity and control needed to use tools such as scissors, paper punch, stapler, and hammer.
- Grows in hand-eye coordination in building with blocks, putting together puzzles, reproducing shapes and patterns, stringing beads and using scissors.
- Progresses in abilities to use writing, drawing and art tools including pencils, markers, chalk, paint brushes, and various types of technology.

## Gross Motor Skills

- Shows increasing levels of proficiency, control and balance in walking, climbing, running, jumping, hopping, skipping, marching and galloping.
- Demonstrates increasing abilities to coordinate movements in throwing, catching, kicking, bouncing balls, and using the slide and swing.

## Health Status & Practices

- Progresses in physical growth, strength, stamina, and flexibility.
- Participates actively in games, outdoor play and other forms of exercise that enhance physical fitness.
- Shows growing independence in hygiene, nutrition and personal care when eating, dressing, washing hands, brushing teeth and toileting.
- Builds awareness and ability to follow basic health and safety rules such as fire safety, traffic and pedestrian safety, and responding appropriately to potentially
